OSA-0711-63
21 February 1963

Dear John,

25X1 Enclosed you will find UBLIC Insurance Payment booklet for use by
[redacted] As noted in Item 4 of the Payment Booklet, all she will need
to do is to tear out the completed coupon pertaining to the payment and
25X1 forward that and her check to us. You will also find a receipt covering
[redacted] payment of \$64.00 to the Credit Union. As you mentioned in
your letter, the Credit Union books are no longer in effect and it is the
new policy to issue a statement reflecting balances at the end of the
quarter.

25X1 I checked into the possibility of your obtaining life insurance that
would cover travel on any kind of carrier. Mutual of Omaha has such a
policy which is similar to the type of policy you would obtain at any
commercial airport. The rates would be \$1.20 for each \$1,000 of insurance
and the minimum amount of insurance accepted would be \$8,000, and the
maximum coverage would be in the amount of \$1000,000. I have enclosed
applications for this insurance and if you, or any of your cohorts are
interested, you may return the completed applications, along with a check
covering the full payment. I would assume that the check would be made
out in the same name as that provided for your other insurance payments.
Under no circumstances should you mail the enclosed application to the
[redacted] reflected on the application forms.

25X1 I checked with the Credit Union regarding the possibility of having
payments made directly to them, and I am afraid this will be out of the
question since all payments would have to be mailed to [redacted] 25X1
[redacted] You will have to continue making your payments
through us.

Everything else seems to be under control and I am still looking
forward to visiting you in the near future.

Sincerely,

45 1963
